

# Call for Grant Applications

Up to \$20 million dollars in grant funds are available through the Carl Moyer Program to reduce emissions from heavy-duty diesel engines.

Funding is available for projects to:

- Replace old diesel engines with cleaner engines in existing equipment
- Retrofit existing diesel engines with emission control devices
- Purchase new vehicles or equipment with emissions below applicable state and federal standards

*These emission reductions projects must not be required by law, contract, or other agreement.*

**Grant application forms for the Carl Moyer Program will be available April 15, 2009 on the Bay Area Air Quality Management District website at [www.baaqmd.gov/moyer](http://www.baaqmd.gov/moyer).**

Funding will be available for eligible projects on a first-come, first-served basis. Applications are evaluated for funding based on a complete application.

### **Application Information & Workshops**

Attend an application workshop and learn more about the Carl Moyer Program guidelines and how to apply for a grant. Workshops are free and will be held in various locations throughout the Bay Area. You can find dates for application workshops and download an application at [www.baaqmd.gov/moyer](http://www.baaqmd.gov/moyer).

For additional information or to receive these announcements via email in the future, visit the Air District web site at [www.baaqmd.gov/moyer](http://www.baaqmd.gov/moyer) or contact the grant hotline at [grants@baaqmd.gov](mailto:grants@baaqmd.gov) or (415) 749-4994.
